

Our Theory of Change

Co-op Culture

Aim: Localising the Economy through Sustainable Co-operative Enterprise

Activities
How we do this:

- Consultancy and business advice**
- Delivering training and workshops**
- Produce or contribute to guides and publications**
- Networking co-ops together**

Indicators:

- ££ raised by co-ops**
- No. of co-ops worked with**
- Amount of pro bono advice provided**
- No. of training sessions delivered**
- No. of people trained**
- No. of co-ops trained**
- No. guides or publications**

Outcomes:

Co-operatives we have worked with are

- * trading sustainably**
- * creating jobs**
- * providing services, homes or facilities**
- * sufficiently capitalised**
- * more resilient**
- * able to withstand commercial fluctuations**

How will we know we have achieved this?

Evaluation of training & support (Co-ops say it has made a difference)

Impact:

- * Stronger co-operatives**
- * More co-operatives**
- * More sustainable local economies**
- * Stronger communities**
